

SOHO Wallbox

8U & 12U wall boxes

Mini5 10" SOHO Wall Cabinets"

These attractively designed 10inch enclosures are suitable for both small office or home office applications.

Designed to be used with the Mini5 10" SOHO range of rack mounted products, these SOHO boxes are the ideal cost effective way of centralising your cabling.

Both the MPE08F & MPE12F have removable vented side doors and a flat glass lockable front door.

Additional ventilation slots are incorporated into the top and bottom of the case to aid air flow.

Features Include

- 8U & 12U versions
- Slim width and depth
- Lockable Glass front door
- Removable vented side panels
- Rigid steel construction
- Top and bottom cable gland plates with knock outs.
- Adjustable front profiles
